DETAILED ACTION

Allowable Subject Matter

- 1. Claim 1 is allowed.
- 2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the recitations of the specific features of the glowing mouth guard, of claim 1, including especially the following:

The primary reason for the allowance of independent claim 1, is the inclusion of the transparent glow element having an outer holding part being formed with a plurality of separate holding rooms which contain respective easily-breakable sealed tubes, claimed in combination with the mouth guard's transparent main body, catalytic agents, luminous chemicals, and plurality of different-colored fluorescent glows.

- 3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Novak, Schaefer, Minneman, Johnson et al, Berghash, Helmer, Shackelford, Fishman et al, Moles, Boyd and Anderson et al are cited to show mouth guards.
